The Village of Schaumburg was given an 82% excellence rating in emergency preparedness by residents in the 2021 National Community Survey, a rating higher than the national benchmark. While it is important for the village to be prepared for emergencies, it is also just as important for the village to educate residents so they, too, can be prepared for emergencies. Additional resources and information on emergency preparedness can also be found on the Department of Homeland Security's website at www.ready.gov.
